CACREP STANDARDS:  
CLINICAL MENTAL HEALTH COUNSELING  
Students who are preparing to work as clinical mental health counselors will demonstrate the professional knowledge, skills, and practices necessary to address a wide variety of circumstances within the clinical mental health counseling context. In addition to the common core curricular experiences outlined in Section II.F, programs must provide evidence that student learning has occurred in the following domains:

FOUNDATIONS

A. Knowledge
1. Understands the history, philosophy, and trends in clinical mental health counseling.
2. Understands ethical and legal considerations specifically related to the practice of clinical mental health counseling.
3. Understands the roles and functions of clinical mental health counselors in various practice settings and the importance of relationships between counselors and other professionals, including interdisciplinary treatment teams.
4. Knows the professional organizations, preparation standards, and credentials relevant to the practice of clinical mental health counseling.
5. Understands a variety of models and theories related to clinical mental health counseling, including the methods, models, and principles of clinical supervision.
6. Recognizes the potential for substance use disorders to mimic and coexist with a variety of medical and psychological disorders.
7. Is aware of professional issues that affect clinical mental health counselors (e.g., core provider status, expert witness status, access to and practice privileges within managed care systems).
8. Understands the management of mental health services and programs, including areas such as administration, finance, and accountability.
9. Understands the impact of crises, disasters, and other trauma-causing events on people.
10. Understands the operation of an emergency management system within clinical mental health agencies and in the community.

B. Skills and Practices
1. Demonstrates the ability to apply and adhere to ethical and legal standards in clinical mental health counseling.
2. Applies knowledge of public mental health policy, financing, and regulatory processes to improve service delivery opportunities in clinical mental health counseling.

COUNSELING, PREVENTION, AND INTERVENTION

C. Knowledge
1. Describes the principles of mental health, including prevention, intervention, consultation, education, and advocacy, as well as the operation of programs and networks that promote mental health in a multicultural society.
2. Knows the etiology, the diagnostic process and nomenclature, treatment, referral, and prevention of mental and emotional disorders.
3. Knows the models, methods, and principles of program development and service
delivery (e.g., support groups, peer facilitation training, parent education, selfhelp).
4. Knows the disease concept and etiology of addiction and co-occurring disorders.
5. Understands the range of mental health service delivery—such as inpatient, outpatient, partial treatment and aftercare—and the clinical mental health counseling services network.
6. Understands the principles of crisis intervention for people during crises, disasters, and other trauma-causing events.
7. Knows the principles, models, and documentation formats of biopsychosocial case conceptualization and treatment planning.
8. Recognizes the importance of family, social networks, and community systems in the treatment of mental and emotional disorders.
9. Understands professional issues relevant to the practice of clinical mental health counseling.
D. Skills and Practices
1. Uses the principles and practices of diagnosis, treatment, referral, and prevention of mental and emotional disorders to initiate, maintain, and terminate counseling.
31
2. Applies multicultural competencies to clinical mental health counseling involving case conceptualization, diagnosis, treatment, referral, and prevention of mental and emotional disorders.
3. Promotes optimal human development, wellness, and mental health through prevention, education, and advocacy activities.
4. Applies effective strategies to promote client understanding of and access to a variety of community resources.
5. Demonstrates appropriate use of culturally responsive individual, couple, family, group, and systems modalities for initiating, maintaining, and terminating counseling.
6. Demonstrates the ability to use procedures for assessing and managing suicide risk.
7. Applies current record-keeping standards related to clinical mental health counseling.
8. Provides appropriate counseling strategies when working with clients with addiction and co-occurring disorders.
9. Demonstrates the ability to recognize his or her own limitations as a clinical mental health counselor and to seek supervision or refer clients when appropriate.
DIVERSITY AND ADVOCACY
E. Knowledge
1. Understands how living in a multicultural society affects clients who are seeking clinical mental health counseling services.
2. Understands the effects of racism, discrimination, sexism, power, privilege, and oppression on one’s own life and career and those of the client.
3. Understands current literature that outlines theories, approaches, strategies, and techniques shown to be effective when working with specific populations of clients with mental and emotional disorders.
4. Understands effective strategies to support client advocacy and influence public policy and government relations on local, state, and national levels to enhance
equity, increase funding, and promote programs that affect the practice of clinical mental health counseling.

5. Understands the implications of concepts such as internalized oppression and institutional racism, as well as the historical and current political climate regarding immigration, poverty, and welfare.

6. Knows public policies on the local, state, and national levels that affect the quality and accessibility of mental health services.

F. Skills and Practices
1. Maintains information regarding community resources to make appropriate referrals.
2. Advocates for policies, programs, and services that are equitable and responsive to the unique needs of clients.
3. Demonstrates the ability to modify counseling systems, theories, techniques, and interventions to make them culturally appropriate for diverse populations.

ASSESSMENT

G. Knowledge
1. Knows the principles and models of assessment, case conceptualization, theories of human development, and concepts of normalcy and psychopathology leading to diagnoses and appropriate counseling treatment plans.
2. Understands various models and approaches to clinical evaluation and their appropriate uses, including diagnostic interviews, mental status examinations, symptom inventories, and psychoeducational and personality assessments.
3. Understands basic classifications, indications, and contraindications of commonly prescribed psychopharmacological medications so that appropriate referrals can be made for medication evaluations and so that the side effects of such medications can be identified.
4. Identifies standard screening and assessment instruments for substance use disorders and process addictions.

H. Skills and Practices
1. Selects appropriate comprehensive assessment interventions to assist in diagnosis and treatment planning, with an awareness of cultural bias in the implementation and interpretation of assessment protocols.
2. Demonstrates skill in conducting an intake interview, a mental status evaluation, a biopsychosocial history, a mental health history, and a psychological assessment for treatment planning and caseload management.
3. Screens for addiction, aggression, and danger to self and/or others, as well as cooccurring mental disorders.
4. Applies the assessment of a client’s stage of dependence, change, or recovery to determine the appropriate treatment modality and placement criteria within the continuum of care.

RESEARCH AND EVALUATION

I. Knowledge
1. Understands how to critically evaluate research relevant to the practice of clinical mental health counseling.
2. Knows models of program evaluation for clinical mental health programs.
3. Knows evidence-based treatments and basic strategies for evaluating counseling outcomes in clinical mental health counseling.

J. Skills and Practices
1. Applies relevant research findings to inform the practice of clinical mental health counseling.
2. Develops measurable outcomes for clinical mental health counseling programs, interventions, and treatments.
3. Analyzes and uses data to increase the effectiveness of clinical mental health counseling interventions and programs.

DIAGNOSIS
K. Knowledge
1. Knows the principles of the diagnostic process, including differential diagnosis, and the use of current diagnostic tools, such as the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM).
2. Understands the established diagnostic criteria for mental and emotional disorders, and describes treatment modalities and placement criteria within the continuum of care.
3. Knows the impact of co-occurring substance use disorders on medical and psychological disorders.
4. Understands the relevance and potential biases of commonly used diagnostic tools with multicultural populations.
5. Understands appropriate use of diagnosis during a crisis, disaster, or other trauma-causing event.

L. Skills and Practices
1. Demonstrates appropriate use of diagnostic tools, including the current edition of the DSM, to describe the symptoms and clinical presentation of clients with mental and emotional impairments.
2. Is able to conceptualize an accurate multi-axial diagnosis of disorders presented by a client and discuss the differential diagnosis with collaborating professionals.
3. Differentiates between diagnosis and developmentally appropriate reactions during crises, disasters, and other trauma-causing events.

SCHOOL COUNSELING
Students who are preparing to work as school counselors will demonstrate the professional knowledge, skills, and practices necessary to promote the academic, career, and personal/social development of all K–12 students. In addition to the common core curricular experiences outlined in Section II.F, programs must provide evidence that student learning has occurred in the following domains.

FOUNDATIONS
A. Knowledge
1. Knows history, philosophy, and trends in school counseling and educational systems.
2. Understands ethical and legal considerations specifically related to the practice of
school counseling.
3. Knows roles, functions, settings, and professional identity of the school counselor in relation to the roles of other professional and support personnel in the school.
4. Knows professional organizations, preparation standards, and credentials that are relevant to the practice of school counseling.
5. Understands current models of school counseling programs (e.g., American School Counselor Association [ASCA] National Model) and their integral relationship to the total educational program.
6. Understands the effects of (a) atypical growth and development, (b) health and wellness, (c) language, (d) ability level, (e) multicultural issues, and (f) factors of resiliency on student learning and development.
7. Understands the operation of the school emergency management plan and the roles and responsibilities of the school counselor during crises, disasters, and other trauma-causing events.

B. Skills and Practices
1. Demonstrates the ability to apply and adhere to ethical and legal standards in school counseling.
2. Demonstrates the ability to articulate, model, and advocate for an appropriate school counselor identity and program.

COUNSELING, PREVENTION, AND INTERVENTION

C. Knowledge
1. Knows the theories and processes of effective counseling and wellness programs for individual students and groups of students.
2. Knows how to design, implement, manage, and evaluate programs to enhance the academic, career, and personal/social development of students.
3. Knows strategies for helping students identify strengths and cope with environmental and developmental problems.
4. Knows how to design, implement, manage, and evaluate transition programs, including school-to-work, postsecondary planning, and college admissions counseling.
5. Understands group dynamics—including counseling, psycho-educational, task, and peer helping groups—and the facilitation of teams to enable students to overcome barriers and impediments to learning.
6. Understands the potential impact of crises, emergencies, and disasters on students, educators, and schools, and knows the skills needed for crisis intervention.

D. Skills and Practices
1. Demonstrates self-awareness, sensitivity to others, and the skills needed to relate to diverse individuals, groups, and classrooms.
2. Provides individual and group counseling and classroom guidance to promote the academic, career, and personal/social development of students.
3. Designs and implements prevention and intervention plans related to the effects of (a) atypical growth and development, (b) health and wellness, (c) language, (d) ability level, (e) multicultural issues, and (f) factors of resiliency on student learning and development.
4. Demonstrates the ability to use procedures for assessing and managing suicide
risk.
5. Demonstrates the ability to recognize his or her limitations as a school counselor and to seek supervision or refer clients when appropriate.

DIVERSITY AND ADVOCACY

E. Knowledge
1. Understands the cultural, ethical, economic, legal, and political issues surrounding diversity, equity, and excellence in terms of student learning.
2. Identifies community, environmental, and institutional opportunities that enhance—as well as barriers that impede—the academic, career, and personal/social development of students.
3. Understands the ways in which educational policies, programs, and practices can be developed, adapted, and modified to be culturally congruent with the needs of students and their families.
4. Understands multicultural counseling issues, as well as the impact of ability levels, stereotyping, family, socioeconomic status, gender, and sexual identity, and their effects on student achievement.

F. Skills and Practices
1. Demonstrates multicultural competencies in relation to diversity, equity, and opportunity in student learning and development.
2. Advocates for the learning and academic experiences necessary to promote the academic, career, and personal/social development of students.
3. Advocates for school policies, programs, and services that enhance a positive school climate and are equitable and responsive to multicultural student populations.
4. Engages parents, guardians, and families to promote the academic, career, and personal/social development of students.

ASSESSMENT

G. Knowledge
1. Understands the influence of multiple factors (e.g., abuse, violence, eating disorders, attention deficit hyperactivity disorder, childhood depression) that may affect the personal, social, and academic functioning of students.
2. Knows the signs and symptoms of substance abuse in children and adolescents, as well as the signs and symptoms of living in a home where substance abuse occurs.
3. Identifies various forms of needs assessments for academic, career, and personal/social development.

H. Skills and Practices
1. Assesses and interprets students’ strengths and needs, recognizing uniqueness in cultures, languages, values, backgrounds, and abilities.
2. Selects appropriate assessment strategies that can be used to evaluate a student’s academic, career, and personal/social development.
3. Analyzes assessment information in a manner that produces valid inferences when evaluating the needs of individual students and assessing the effectiveness of educational programs.
4. Makes appropriate referrals to school and/or community resources.
5. Assesses barriers that impede students’ academic, career, and personal/social development.

RESEARCH AND EVALUATION

I. Knowledge
1. Understands how to critically evaluate research relevant to the practice of school counseling.
2. Knows models of program evaluation for school counseling programs.
3. Knows basic strategies for evaluating counseling outcomes in school counseling (e.g., behavioral observation, program evaluation).
4. Knows current methods of using data to inform decision making and accountability (e.g., school improvement plan, school report card).
5. Understands the outcome research data and best practices identified in the school counseling research literature.

J. Skills and Practices
1. Applies relevant research findings to inform the practice of school counseling.
2. Develops measurable outcomes for school counseling programs, activities, interventions, and experiences.
3. Analyzes and uses data to enhance school counseling programs.

ACADEMIC DEVELOPMENT

K. Knowledge
1. Understands the relationship of the school counseling program to the academic mission of the school.
2. Understands the concepts, principles, strategies, programs, and practices designed to close the achievement gap, promote student academic success, and prevent students from dropping out of school.
3. Understands curriculum design, lesson plan development, classroom management strategies, and differentiated instructional strategies for teaching counseling- and guidance-related material.

L. Skills and Practices
1. Conducts programs designed to enhance student academic development.
2. Implements strategies and activities to prepare students for a full range of postsecondary options and opportunities.
3. Implements differentiated instructional strategies that draw on subject matter and pedagogical content knowledge and skills to promote student achievement.

COLLABORATION AND CONSULTATION

M. Knowledge
1. Understands the ways in which student development, well-being, and learning are enhanced by family-school-community collaboration.
2. Knows strategies to promote, develop, and enhance effective teamwork within the school and the larger community.
3. Knows how to build effective working teams of school staff, parents, and community members to promote the academic, career, and personal/social development of students.
4. Understands systems theories, models, and processes of consultation in school system settings.
5. Knows strategies and methods for working with parents, guardians, families, and communities to empower them to act on behalf of their children.

6. Understands the various peer programming interventions (e.g., peer meditation, peer mentoring, peer tutoring) and how to coordinate them.

N. Skills and Practices
1. Works with parents, guardians, and families to act on behalf of their children to address problems that affect student success in school.

2. Locates resources in the community that can be used in the school to improve student achievement and success.

3. Consults with teachers, staff, and community-based organizations to promote student academic, career, and personal/social development.

4. Uses peer helping strategies in the school counseling program.

5. Uses referral procedures with helping agents in the community (e.g., mental health centers, businesses, service groups) to secure assistance for students and their families.

LEADERSHIP
O. Knowledge
1. Knows the qualities, principles, skills, and styles of effective leadership.

2. Knows strategies of leadership designed to enhance the learning environment of schools.

3. Knows how to design, implement, manage, and evaluate a comprehensive school counseling program.

4. Understands the important role of the school counselor as a system change agent.

5. Understands the school counselor’s role in student assistance programs, school leadership, curriculum, and advisory meetings.

P. Skills and Practices
1. Participates in the design, implementation, management, and evaluation of a comprehensive developmental school counseling program.

2. Plans and presents school-counseling-related educational programs for use with parents and teachers (e.g., parent education programs, materials used in classroom guidance and advisor/advisee programs for teachers).
