

Increasing the Value of Energy Purchases for Commercial Businesses and Governmental Entities

Energy Efficiency and Reliability Center Purdue University Calumet

www.calumet.purdue.edu/energycenter

Free Seminar

- This seminar is intended to provide commercial businesses and governmental entities with insight for making prudent energy purchases and gaining the most benefit by increasing energy efficiency. Alternative energy options, including Green Buildings and renewable energy sources, will also be considered. This seminar is structured to facilitate finding ways to improve energy efficiency for actual situations.

Breakout Sessions with teams of experts in the areas of

- Lighting
- Heating, Ventilating and Air Conditioning
- Green Buildings/Renewable Energy Sources

will be available to discuss individual planning options. Feel free to bring along facility pictures, energy bill summaries, or other energy use and planning information.

Date: April 26, 2007

Time: 8:00 - 11:00 AM, doors open at 7:30 AM
